

**Engineering Design 1 and 2
Peer Evaluation Form**

This form is to be used for evaluating the performance and the effort of yourself and your teammates in the group project identified below. The evaluation is based on dividing up amongst your team a total point of $5N$, with N being the number of team members (e.g., 20 points for 4-member team etc). You are to assign an appropriate score to each team member, according to your evaluation of all the members in your team, as if you are sharing these 'bonus' points amongst yourselves (e.g., 6, 5, 4, 5 points to members 1, 2, 3, 4 of a 4-member team respectively). Your evaluation along with your teammates' will be kept confidential and will be seen only by the instructors in computing your grade.
